

BIZCONNECT – A DIGITAL DIRECTORY FOR LOCAL SMES

Name: Benstowe Antonia

Track: Frontend Development

A platform designed to help customers discover
local businesses and improve the visibility of
SMEs.

Problem Statement

Many Local businesses have limited online visibility, making it difficult for customers to find their products and services.

This affects both the business owners seeking customers and customers looking for reliable local business.

A close-up photograph of a hand holding a blue dart, ready to throw it at a target. The dart has a blue shaft and three blue flights. The target is visible in the foreground, showing concentric rings. The background is blurred, showing a person in a suit and tie.

Target & Goal

Target:

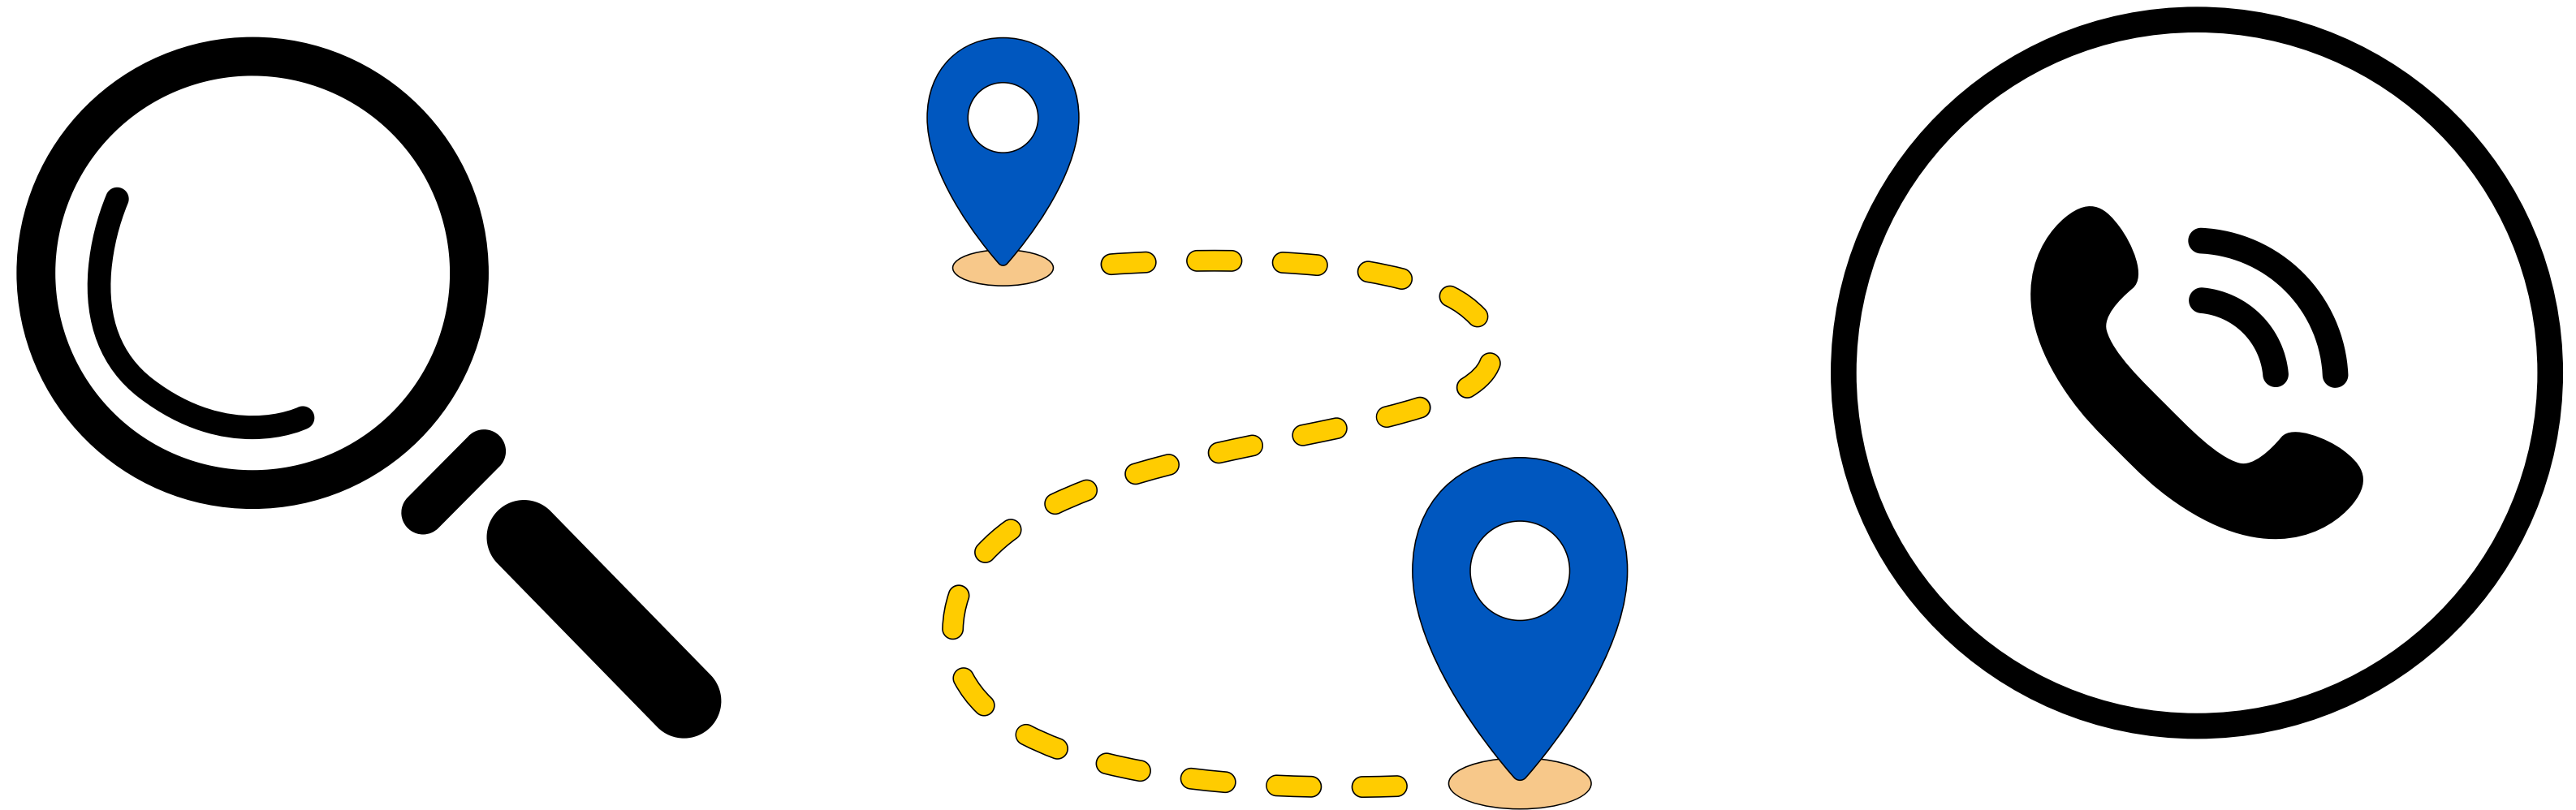

Users: Residents and visitors seeking verified local services

SME Owners (e.g., local shop owners who have amazing products but no way to be found online).

Goal:

to build a fast, mobile-friendly directory that helps people discover and contact local businesses instantly

Solution Overview

BizConnect: Bringing local businesses to your fingertips with instant search, live mapping and direct contact to a particular business owner.

Tools & Process

Tools

 **VS Code: "Core Coding"**

 **HTML5 & CSS3: "Responsive Design"**

 **JavaScript (ES6): "Search Logic"**

 **Leaflet.js: "Interactive Maps"**

 **OpenStreetMap: "Global Map Data"**

 **GitHub: "Version Control"**

 **Vercel: "Live Cloud Hosting"**

Process

1. Research

Identifying the Need

2. Design

User Experience and Interface

3. Code

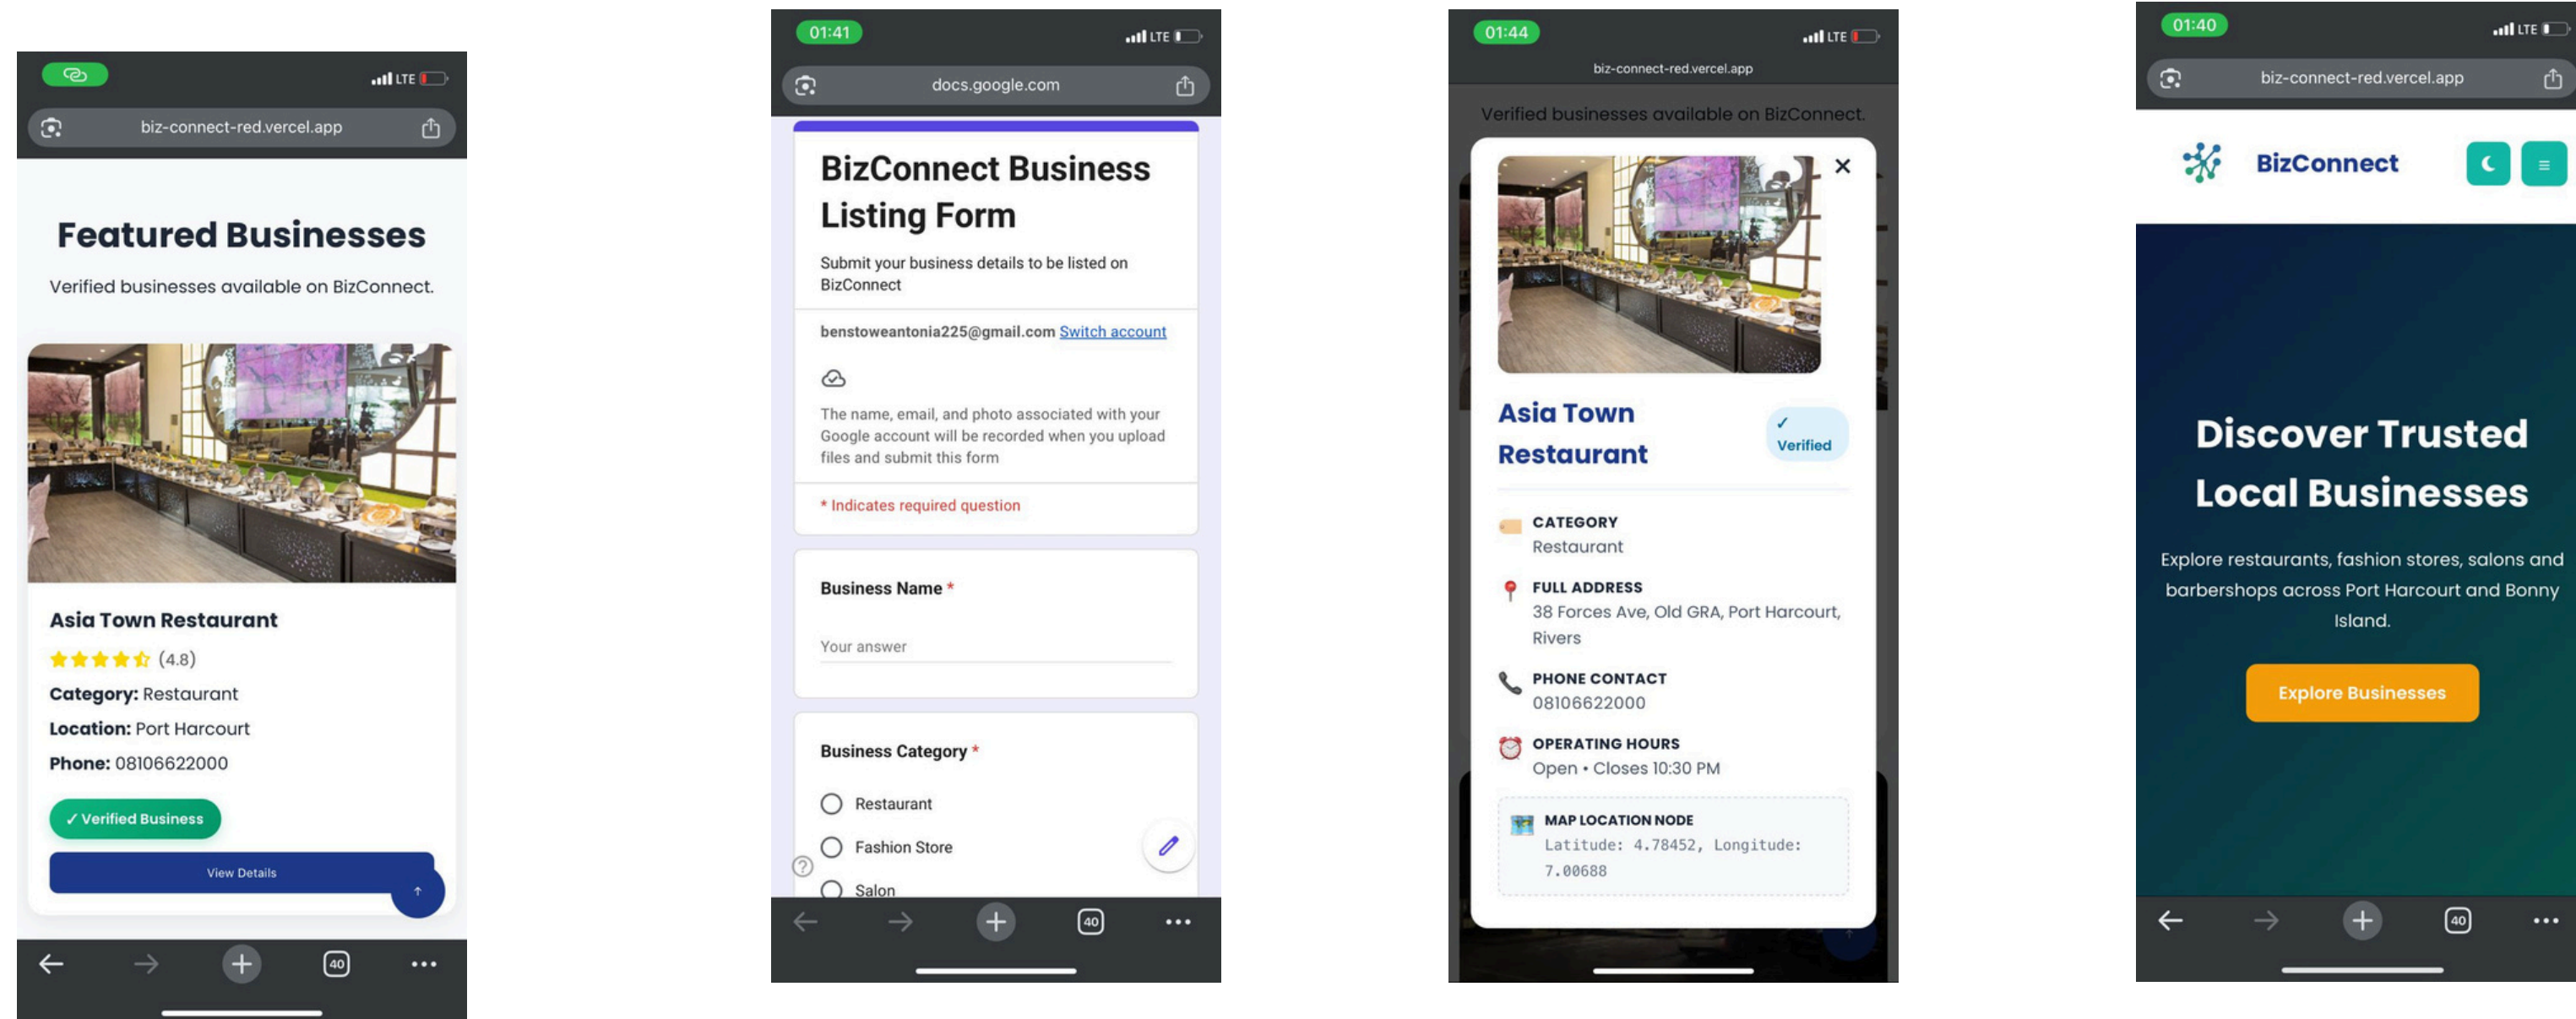

Development and Logic

4. Launch

Testing and Deployment

Final Output

“A live, responsive platform ready for the community”.

Skills and Usefulness

What Skills Did I Demonstrate?

- Front-end web development (HTML, CSS, JavaScript)
 - Responsive web design
 - Problem-solving and debugging
 - Research and project planning

How Is the Project Useful?

- Helps customers discover local businesses easily.
 - Increases visibility for small businesses.
- Supports local economic growth and community connections.

You

KEY LESSON LEARNED

- I LEARNED THAT UNDERSTANDING USER NEEDS IS ESSENTIAL FOR BUILDING USEFUL AND EFFECTIVE DIGITAL SOLUTIONS.

FUTURE IMPROVEMENTS

- ADD USER ACCOUNTS AND BUSINESS DASHBOARDS.
 - IMPLEMENT REVIEWS AND RATINGS.
 - DEVELOP A MOBILE APP VERSION.

FUTURE OPPORTUNITIES

- THIS PROJECT PROVIDES A STRONG FOUNDATION FOR CAREERS IN WEB DEVELOPMENT, SOFTWARE ENGINEERING, AND UI/UX DESIGN.

THANK YOU

THANK YOU FOR YOUR TIME, ATTENTION, AND FEEDBACK.
